For this purpose, out-of-pocket costs means all payments required of beneficiaries under paragraphs (c), (d), and (e) of this section. In any case in which a family reaches this limit, all remaining payments that would have been required of the beneficiary under paragraphs (c), (d), and (e) of this section will be made by the program in which the Uniform HMO Benefit is in effect.

(g) *Updates.* The enrollment fees for fiscal year 1996 set under paragraph (c) of this section and the per service specific dollar amounts for fiscal year 1996 set under paragraphs (d) and (e) of this section may be updated for subsequent years to the extent necessary to maintain compliance with statutory requirements pertaining to government costs. This updating does not apply to cost sharing that is expressed as a percentage of allowable charges; these percentages will remain unchanged. The Secretary shall ensure that the TRICARE program complies with statutory cost neutrality requirements.

Coast Guard

33 CFR Parts 110 and 165

[CGD 05-95-066]

Anchorage Grounds; Delaware River, Marcus Hook Range Channel, Marcus Hook Anchorage (Anchorage 7), Mantua Creek Anchorage (Anchorage 9), and Deepwater Point Anchorage (Anchorage 6). Safety Zone; Delaware River, Marcus Hook Range Channel

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone around dredging operations in the Marcus Hook Range channel adjacent to anchorage 7. To facilitate the rerouting of ship traffic through the area, the Coast Guard is suspending a regulation that allows ships to anchor for up to 48 hours in the Marcus Hook Anchorage (Anchorage 7), Mantua Creek Anchorage (Anchorage 9), and Deepwater Point Anchorage (Anchorage 6), and instituting temporary regulations governing these anchorages. The safety zone is needed to protect vessels, the port community and the environment from the hazards associated with dredging operations in the Marcus Hook Range channel and to minimize temporary port congestion during dredging operations. Entry into this zone is prohibited unless authorized by the Captain of the Port, Philadelphia, PA.

EFFECTIVE DATES: This rule is effective from 12:01 p.m., on September 20, 1995 until 6 a.m., on October 31, 1995.

FOR FURTHER INFORMATION CONTACT: LTJG S.J. Kelly, Project Officer c/o U.S. Coast Guard Captain of the Port, 1 Washington Ave., Philadelphia, PA. 19147-4395, Phone: (215) 271-4909.

SUPPLEMENTARY INFORMATION: In accordance with 5 U.S.C. 553, a Notice of Proposed Rule Making (NPRM) was not published for this regulation and good cause exists for making it effective in less than 30 days after Federal Register publication. The Coast Guard was informed by U.S. Army Corps of Engineers, Philadelphia District on August 30, 1995 that dredging

operations would commence on September 15, 1995. Publishing a NPRM and delaying its effective date would be contrary to the public interest, since immediate action is needed to protect the environment and mariners against potential hazards associated with the dredging operations in the Marcus Hook Range channel.

Drafting Information

The drafters of this regulation are LTJG S.J. Kelly, project officer for the Captain of the Port, Philadelphia, and LCDR J.C. Good, project attorney, Fifth Coast Guard District.

Discussion of the Regulation

Upon request from the U.S. Army Corps of Engineers, the Coast Guard is establishing a safety zone around dredging operations in the Marcus Hook Range channel. Ship traffic through the Marcus Hook Range channel will be diverted through anchorage 7 to reduce the hazards associated with dredging of the channel. Anchorage restrictions in the Mantua Creek and Deepwater Point Anchorages are being imposed to accommodate those vessels that will be prevented from anchoring in Marcus Hook Anchorage.

Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has been exempted from review by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. The Captain of the Port, Philadelphia will direct anchoring of vessels so as not to significantly impede traffic flow in the vicinity of the dredging operations.

Environment

The Coast Guard considered the environmental impact of this proposal and concluded that under section 2.B.2.e. of Commandant Instruction M16475.1B (as revised by 59 FR 38654; July 29, 1994), this rule is categorically excluded from further environmental documentation. A Categorical Exclusion Determination statement has been prepared and placed in the rulemaking docket.

Collection of Information

This proposal contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 et seq.).

Federalism Assessment

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612 and, it has been determined that it does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Implementing the Telephone Consumer Protection Act of 1991

AGENCY: Federal Communications Commission.

ACTION: Final rule; request for comments.

DATES: Interested parties may file comments on or before October 20, 1995, and Reply Comments on or before November 3, 1995.

ADDRESSES: Federal Communications Commission, 1919 M Street, NW., Washington, DC 20554.

SUPPLEMENTARY INFORMATION:

Commission seeks comment on MCI Petition for Clarification and/or Reconsideration of Commission Order finalizing rules implementing the Telephone Consumer Protection Act [CC Docket No. 92-90; DA 95-2030].

Released: September 22, 1995.

Comments Due: October 20, 1995.

Replies Due: November 3, 1995.

On September 14, 1995, MCI Telecommunications Corporation ("MCI") filed a Petition for Clarification

and/or Reconsideration regarding Section 68.318 of the Commission's Rules, which requires that all facsimile transmissions identify the entity or individual sending the message and the telephone number of the facsimile machine, entity or individual sending the message. In a Memorandum Opinion and Order ("Order") adopted on July 26, 1995, 60 FR 42068, August 15, 1995, the Commission stated that facsimile broadcast service providers must comply with these identification requirements. MCI asserts that the Order therefore requires two entities to identify themselves, the facsimile broadcaster and the entity on whose behalf the facsimile is being sent, while the rule only requires the identification of one entity. MCI asks the Commission to clarify or, in the alternative, reconsider its Order with respect to this issue.

We invite comment on MCI's Petition for Clarification and/or Reconsideration. Comments should be filed on or before October 20, 1995, and Reply Comments should be filed on or before November 7, 1995. All comments should be filed with the Office of the Secretary, Federal Communications Commission, 1919 M Street, NW., Room 222, Washington, DC 20554, referencing CC Docket No. 92-90. The full text of the Petition is available for inspection and duplication during regular business hours in the FCC Reference Center, Federal Communications Commission, 1919 M Street, N.W., Room 239, Washington, DC 20554. Copies may also be obtained from International Transcription Service by calling (202) 857-3800.
